ASL Classifiers and Translation

Presented by: Eric Epstein
Known for his work through Signplaying.com, Eric Epstein is an ASL poet, educator, and translator whose work focuses on ASL poetry, translation, and the signing arts.

This interactive session trains ASL interpreters to incorporate the 8 types of ASL classifiers in English-to-ASL translation work. We will also discuss best practices for role-shifting in interpreting.

What You'll Learn:

- Distinguish among the 8 types of ASL classifiers.
- Describe how NMMs (nonmanual markers) are used to begin and end role-shifting
- Identify at least two English-to-ASL translation strategies.

EARLY BIRD:

\$36

Ends: 6/21/26
